

Out-of-Area Dependent Rider Service Area Map

If your dependent lives outside the service area for more than three months of the calendar year, they are considered an out-of-area dependent. When they are away, they must get prior authorization approval for any non-urgent and non-emergent care from out-of-network providers.

The following services sought from out-of-network providers will be covered at the in-network cost-sharing level as shown on the Schedule of Benefits (on Tiered Choice Plus plans, Tier 2 benefits apply):

- Primary care services, including behavioral health and mental health;
- Chiropractic services;
- In-office therapy services; and,
- Other routine procedures or care provided in an office setting.

Allowed amounts for cost-sharing will be based on the Usual and Customary Charge. Cost-sharing for covered services under this rider will count towards the Out-of-Pocket Maximum. Other services require the dependent to return to the Quartz service area for care.

Clinic locations may change. For the most up-to-date listing, go to QuartzBenefits.com/findadoctor.
