

Genealogical Society of Ireland

Obituaries of the Irish Diaspora

The Genealogical Society of Ireland obtained, some years ago, a collection of obituaries of Irish people who had died mainly in Canada with some in the USA and New Zealand. The collection consisted mainly of newspaper cuttings and also a few transcriptions of obituaries and gravestones. The cuttings, in most cases, did not include the name of the newspaper or date of publication.

This is an index of the obituary newspaper cuttings with links to the images.
